Summary

A Versatile Full-Stack Developer

With a strong foundation in both front-end and back-end development, I am a skilled full-stack developer proficient in crafting innovative and user-centric applications. My expertise spans across various platforms and technologies, enabling me to deliver robust and scalable solutions.

Core Competencies:

Mobile App Development:
iOS: Swift, Objective-C
Cross-Platform: React Native, Flutter
Web Development:
Front-End: React Native, Next.js, Bootstrap, Tailwind CSS, HTML, CSS, JavaScript
Back-End: Node.js, Express.js, MongoDB
Database Management: MongoDB, MySQL
Cloud Technologies: Cloudinary, Google Cloud
Additional Skills: Templating Engines (Handlebars.js), Payment Processing (Stripe), Push Notifications (OneSignal, Firebase Cloud Messaging), Document Management (Notion), Analytics (Google Analytics, Amplitude)

I am passionate about crafting exceptional user experiences and leveraging cutting-edge technologies to deliver innovative solutions. My ability to adapt to new challenges and learn quickly makes me a valuable asset to any development team.
